Following the decision to seal 5 competitors' diffs by the MSA, it was decided to postpone the open meeting planned for November until more information is available. The meeting gives us all a chance to hear opinions, clear the air and have all involved help make future decisions regarding diffs in Sporting Trials.

The aim of the meeting is to debate, learn, understand and firmly move forward with unified decisions on diff use and testing in attempt to create trust and the level playing field that all competitors deserve. There will hopefully be representation at the meeting from the MSA.

FREE food and drink.

Choice of burger or curry will be available from 6pm, with soft and hot drinks.

To get an idea on numbers please let Stuart Beare, Andrew Woodhead, Peter Fensom, Ian Wright, Ian Fullwood, Dave Hailes, Julian Fack, Richard Sharp, Josh Veale or George Watson know whether you plan to attend.

If there is anything you wish to discuss before the meeting please contact Stuart Beare at stuart@tulleyfarm.com or his mobile on 07850 404824.
