

on the streets as well as driving safe driving on the road. Many people attended the event in their own road cars, ranging from Peugeot 205s to Ford Cougars. Prizes for several categories were awarded at the end of the day.

Throughout the day BTRDA® MSF members Alastair and John Moffatt were giving Autotest demonstrations showing the crowds just how much fun you can have at motorsport events without spending a fortune and managed to 'wow' the people attending the event.

We had a selection of cars on our stand, all of which have been involved in the different BTRDA® disciplines. The car causing the most interest was the bright orange sporting trials car kindly brought along by Roland Uglow, a quick blip on to full throttle after the main arena had paused its activity and the stand was packed!

We had a lot of interest in all the BTRDA® disciplines and handed a fair quantity of leaflets and stickers to a wide variety of people and age groups all very keen to get involved. We also managed to persuade an unsuspecting competitor in the AutoSOLO that it would be a wise choice to join our group too!

Keep your eyes open the BTRDA® Motorsport Future's tent we will be coming to an event near you soon!!

Our BTRDA® MSF stand at Cruise Control

Huge thanks go to Roland Uglow who supported us at this event, to Alastair and John for their sterling effort all day, Josh Veale, Laura Wilks and Andy Gowen who all helped out on the day.

Welsh Motorsport and Modified Show, August 2008

Back at the end of August Motorsport Future members John and Alastair Moffatt were invited to take part in the Live Action Arena at the Welsh Motorsport and Modified Show, held at Chepstow Race Course.

Having enlisted the help of seasoned pro Mike Sones, the three of them completed countless demonstrations and head to head competitions over the weekend with the highlight being the 'Drive' Micra, driven by John, successfully defeating the European Drifting Champion in an Autosolo in his 500bhp drift car.

To follow this amazing feat Mike then rolled out his Mazda and convincingly defeated the UK's top drifter in a similar AutoSolo challenge race!!

A successful weekend for reinforcing the message that any car can be competitive in AutoSolos!

Thanks to the continued support of our sponsors without whom we couldn't do what we do! Look out for our next edition newsletter in October, until then happy competing!

Mr Sone's Mazda and the DRIVE Micra at the Welsh Motorsport Show
