### **1. ANNOUNCEMENT:**

Caernarvonshire & Anglesey Motor Club Limited will organise a dual permit (National B / Clubsport) Car Trial on Sunday 2<sup>nd</sup> August 2009. ### **3. THE VENUE:**

For 2009 we return to Lledwigan Farm. This decision to move venue follows the inclusion of a new road to access this old lime kiln quarry venue, so the event will definitely run, no matter what the weather. What the field lacks in steepness it makes up for with variety, with some areas like in the quarry very demanding, and some wide open grass areas with slight slopes ideal for the new timed tests initiative and class 1 cars. With some thought and planning this event promises to be an enjoyable days motorsport no matter what car you drive. Public road sections will not be used to link sections, as the whole event takes place on private property.

### **4. JURISDICTION:**

The Meetings will be governed by the General Regulations of the Motor Sports Association Ltd (incorporating the provisions of the International Sporting Code of the FISA) these supplementary regulations and any written instructions the organizing club may issue for the event.

"Hills" will run as per MSA regulations, with gates (sub sections) marked from 12 to 1. Competitors must attempt each test non-stop. Penalties will be applied for failing in a section by stopping in a section, or by striking a marker pole (gate).

"Slopes" will run as follows (modified from reg J17) Competitors will attempt each timed test as per a normal "Hill" test with markers running from 12 to 1. In the event a competitor fails in a section by stopping at any point or striking any marker pole during the run the competitor will be penalized with 12 marks (Failed run). Of those competitors who complete the course successfully the timing will be used to assess performance, the fastest overall in each event on that particular test scoring Zero (0) and all others scoring in relation to the fastest time. Eg 2 seconds slower equals 2 marks penalty, up to a maximum of 12 marks.

Timing will commence once a competitor moves off the start line and ends when passing the final "Finish line" placed shortly after the 1 gate. Timing will be by marshals hand held stopwatch and timed to the previous whole second.

The starting procedure will be:

Place front wheels on the start line. Start when ready after the timekeeper instructs you to "Start in your own time". Once a competitor has moved forward they have been deemed to have started.

The order of attempting tests will be at the organiser's discretion. Classes may start at different tests.
