

About AutoSolo's

An AutoSolo consists of a number of timed, 'all forwards' tests, on hard surfaces. The cars used must be roadgoing and driven to the event, the courses don't require specialised manoeuvres such as spin turns, and their design and marking are intended to make the routes easy to follow.

Compared to traditional autotests, speeds through corners may be a little higher, and the tests longer, with cars starting at timed intervals, rather than waiting for the last one to finish. Competitors also act as course marshals, on a rotating basis.

AutoSolo's in the UK were pioneered by Bristol Motor Club, inspired by similar events which are well established in the USA, and they are now becoming increasingly popular here.

This event is the second round of our 2010 Solo Challenge, which is based on the club's Solo events through the year. For details, see the Championships page on our website, at www.farnboroughdmc.org.uk

Spring Solo 2010

@ Martinique Parade Ground, Bordon, Sunday May 16th

Welcome to the Spring Solo, which continues our seventh season of this enjoyable, low cost form of motorsport, for roadgoing cars.

Invited clubs are listed in these regs, or if joining FDMC to enter, there's an application form on our website, to be submitted with your entry. And there's now a reduced entry fee for younger drivers – see inside.

We look forward to seeing you on May 16th, and with the growing popularity of these events, recommend entering in good time beforehand.

The organisers

FDMC Spring Solo 2010, Supplementary Regulations

1. The Farnborough District Motor Club Limited will promote a Clubsport permit AutoSolo event on Sunday May 16th, at Martinique parade ground, Bordon. See also item 11, 'Directions'.
2. The meeting will be governed by the General Regulations of The Motor Sports Association (incorporating the provisions of the FIA's International Sporting Code); these Supplementary Regulations; and any written instructions that the organisers issue for the event.

All GR references are to the 2010 MSA Blue Book. An MSA permit has been applied for.

3. The event is open to all members of FDMC, the BTRDA, Dolphin MC, MGCC, Southsea MC, Sevenoaks MC, and the CSMA. All drivers must produce a valid club membership card.

As per GR M.29, drivers aged over 16 at date of the event may enter, providing they take part in a touring car, as defined by the MSA.

4. Scrutineering and signing on will start from 8.00, tests will start from 9.30, latest recommended arrival is 8.30, and any competitor not signed on by 9.00 may be excluded.

5. Classes and eligibility:

- A. Historics; any car, registered or manufactured before 01/Jan 1980
- B. Other saloons / estates / 4 seat coupes, up to 1400cc
- C. Other saloons / estates / 4 seat coupes, 1401 to 1800cc
- D. Other saloons / estates / 4 seat coupes, over 1800cc
- E. Production (open and fixed roof) 2 seat sports cars
- F. Lower volume sports cars, kit cars suitable for road use, and others ineligible for classes A to E

Cars eligible for Class A shall run in that class, rather than in the corresponding class from B to E.

Class F includes all Caterhams, Westfields, Lotuses, Clans, Ginettas and similar. Diesels, with or without forced induction, will run in the class corresponding to their capacity. A petrol engine with forced induction, in class B or C, will move up one capacity class. A rotary engine will be classed at twice its nominal capacity.

Classes with fewer than 4 entries may be amalgamated.

All cars must retain the original body profile above the hub centreline, apart from accessories such as spoilers and wheel arch extensions. Cars not conforming to this requirement, or one-off specials, or kit cars of an 'off-road' nature, are not eligible for this event.

Suspension and transmission may be modified, within their original configuration. Tyres marked 'for competition use only', or manufactured without a full tread pattern, may not be used.

Additional eligibility requirements, Classes A to E:

In classes A to E, cars must retain the original panel and window materials although accessories such as spoilers and wheel arch extensions may be added. They must have full trim and the original number of seats although the type may be changed.

The engine must be of the original manufacture and original basic type (eg: BMC 'A' series) and fitted in the original position, but may be a different version, may be modified, and may be a different capacity, provided the car is entered in the class corresponding to its actual capacity.

The transmission must be also of the original manufacture and basic type, but ratios and differential type can be changed, including fitting an LSD.

In Classes A to E, tyres in the MSA's current List 1B may not be used.

Cars not meeting all the above requirements are eligible only for Class F.

The organisers' decision will be final, regarding the eligibility and most appropriate class for any particular car.

As per GR M.33: cars entered in AutoSolo's must be registered, taxed, insured, MOT tested if applicable, and driven to the event. NB: these requirements **will** be enforced. Tax discs must be displayed; proof of insurance cover, and MOT's (for cars over 3 years old) must be available at scrutineering / signing on; and trade plates will not be accepted.
