

**BTRDA® Training Day**

Catton Park, Near Burton on Trent, Staffs  
Sunday 22<sup>nd</sup> May 2011

Do you fancy trying motorsport for the first time or a new branch of motorsport.

No previous experience is necessary. The day is open to anyone but age limits apply to those wishing to try their skills.

Targeted sports will be Autotests, AutoSolos, Car Trials and Sporting Trials. There will be a selection of current competition cars available all day, or you can use your own. It is a chance to try something different.

There will be short informative briefings and practical driving stints.

Newcomers, Improvers, Experts - all welcome at a fabulous venue.

Ideal for potential Allrounders to learn more than just their own sport.

Non BTRDA members will be welcomed too - a great opportunity to have a practical start in motor sport.

Training is free but there is a car park charge of £15 which includes morning coffee for the crew. Arrive from 09.30 for a full day starting at 10.30 after initial documentation.
